

Guide to SNO-PARKs in California

The SNO-PARK program provides winter recreation at locations along the Sierra Nevada. Distinctive brown **SNO-PARK** signs located along highways identify the SNO-PARKs.

Each SNO-PARK provides visitors access to snow-cleared parking lots and sanitation facilities. The sites can accommodate self-guided activities such as snowmobiling, cross-country skiing, and general

snow play. Snow conditions determine accessibility and opportunities available at each site. SNO-PARKs are open seasonally between November 1st and May 30th. Visitors are required to display a parking permit for each vehicle parked at a SNO-PARK. Check the website for a current list of vendors, or call the OHMVR Division at 916.324.4442.
